COMPAGNIE PIPOTOTAL

Musical street parades

LES ROUES DE L'INFORTUNE

This trio has problems of balance, it rolls of acrobatics of battle in absurd dances, and oscillates between seduction and fight to create their own perpetual motion.

L'INACCESSIBLE ETOILE

Three burlesques, poetic and offbeat characters struggle, they have a quest... As soon as we consider them arrived they move. Will they find their lost paradise?

LES MYSTERES DE L'UNIVERS

The why and wherefores of everything, all the time. A crazy scientist and his acolytes transport us in cosmic machine in their frenzies and wild imaginings.

LA GUERRE DU FOUIET

Here is the time of the revolt. Rebels, a naïve captain and his tough second are embarked on an eternal struggle for power in acrobatic fights on airs and at seas.

L'AVERSION DES ROLES

Over land and air, all of them struggle to satisfy the insatiable. The quest of the impossible, the inside out of the heart, the why of who we are. Here everybody courts the wrong people.

EUREKAOS

From convoluted researches to catastrophic experiments, a company inclined to euphoria of discovery launches into an overstatement of rash demonstrations and spontaneous theories.

MECAZIQUE SYMPHONIQUE

Rolling concert with three machines. Mechanical and sputtering music in Balkan eruptions.
